**Sub: Prioritisation to take up construction works of School Education Department and completion thereof-reg.**

## **C I R C U L A R**

**Whereas**, 04 Construction Divisions were established in School Education Department to take up large no. of approved works under Samagra Shiksha and UT Capex of School Education Department; and

**Whereas**, these Engineering Divisions, are working under the ambit of School Education Department, J&K and are **administratively controlled by the Project Director Samagra Shiksha, J&K**; and

**Whereas**, it is imperative for all the Engineering Divisions working under School Education Department, to execute the works of School Education Department across the UT, of J&K for completion in time bound manner; and

**Whereas**, there are more than **8000 works** approved under Samagra Shiksha in PAB up to 2022-23, out of which only 2500 works have been completed & **3500 works are at different stages** of execution and **there is spill over of Rs. 900 Crores, which is affecting the funding for future works**; and

**Whereas**, under UT Capex, there are **around 2800 Nos of works** which are under execution and are at different stages, which too are being executed by the said 04 Engineering Divisions, of School Education Department: and

**Whereas**, it is being reported and observed that, the said Engineering Divisions are also taking up works recommended/approved under **the PRIs/ BDC/ DDC Grants**, at District level, with the result, **the targeted construction works of the school Education Department get lingered on and lags timely completion** and as a result of which, works of **2018-19 & 2019-20** are still to be completed; and

**Whereas**, **Department of Rural Development & Panchayati Raj, J&K** has full-fledged Engineering wing in the Department and also the execution of works approved under PRIs/DDC/BDCs Grants, has been eased through healthy competition at Panchayat level, for which **thousands of Contractors Cards** have also been issued to the desirous persons across the UT; and

**Now, therefore, it is impressed upon all the Executive Engineers of School Education Department, to expedite all pending Samagra Shiksha works numbering to 5500 (Approx) and all other UT Capex works/District capex/works under PRI/DDC/BDC grants, related to School Education Department only and complete them in time bound manner.**

Further, all the Engineers of School Education Department, **are directed to desist from the practice of taking up works of other departments till the time**, works of School Education Department are not brought on track **to reduce the spill over** and to build up the required Infrastructure in Schools for providing better facilities to students and enhance their learning outcomes.

  
**Deep Raj, JKAS**  
**Project Director,**  
**Samagra Shiksha, J&K**
